

Financial Project ID: 444308-1-52-01

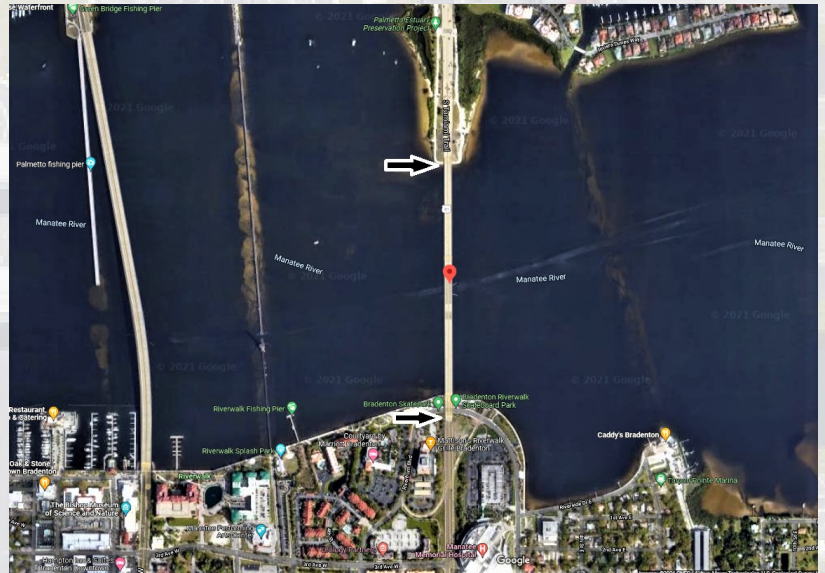

January 2022

CONSTRUCTION PROJECT

The Florida Department of Transportation (FDOT) will begin improvements on US 41/ US 301 and the Hernando DeSoto Bridge. Due to the Manatee River's aggressive coastal environment, FDOT continually maintains bridge structures. Fortunately, lane closures will be predominantly during overnight hours from 11 p.m. to 5:30 a.m. so inconvenience to motorists should be limited. During Phase 5 and 6, pedestrian detours will be in place by the River Walk Skate Park. Marine traffic should be unaffected. Expect noise from construction equipment, backup alarms, and overnight lighting.

PROJECT IMPROVEMENTS

- Superstructure concrete repairs
- Substructure concrete repairs
- Concrete deck repairs
- Steel expansion bearing and joint repair
- Cleaning & painting

PROJECT SCHEDULE

- Work begins January 2022 with expected completion by summer 2022.
- **Estimated construction costs:** \$ 748, 965
