DISTRICT ONE DISTRICTWIDE ROADWATCH REPORT #26 FOR WEEK JUNE 22-28, 2025

District One is twelve counties: Charlotte, Collier, DeSoto, Glades, Hardee, Hendry, Highlands, Lee, Manatee, Okeechobee, Polk, and Sarasota

BARTOW, Fla. – This weekly report is prepared by the Florida Department of Transportation (FDOT) to inform the public about upcoming road work in Southwest Florida. Below are the work schedule and lane closure locations for major state road projects.

Motorists are reminded to wear safety belts and drive with caution, courtesy, common sense, and patience as they travel through work zones. Remember, speeding fines are doubled in work zones.

As a reminder, travelers can visit www.FL511.com from their phone to learn about traffic conditions on major roadways across the state. If you know before you go, you can plan accordingly and save time and money.

CHARLOTTE COUNTY

I-75 Punta Gorda Weigh Station Improvements near Mile Marker 160: Construction project: FDOT is improving the northbound and southbound Punta Gorda Weigh Stations on I-75 near mile marker 160 in Charlotte County. Improvements include pavement resurfacing and replacement, replacement of sidewalk and pedestrian features, replacement of static weighing technology and new signing and pavement markings.

The following activities are subject to change based on weather conditions and other unforeseen circumstances.

- Crews will be working on paving and sod installation.

- The northbound Weigh Station is closed until summer 2025.

Crews may be working close to the roadway. Please exercise caution in the work zone. Construction is anticipated to be completed in spring 2026.

I-75 from Riverside Drive to south of County Road 776: Maintenance project: Motorists should expect nighttime/overnight lane closures between the hours of 10 p.m. through 4 a.m. beginning Monday, June 23, through Thursday, June 26, 2025. Crews will be performing wet-weather field tests on permanent tape. Motorists should use caution as crews work on the roadway.

US 41 (Tamiami Trail) from William Street to Peace River Bridge: Construction project: The contractor continues work on the proposed roundabout location with traffic reduced to one lane.

- **Roundabout opening - The roundabout will be opened to traffic on Thursday, June 26, 2025, with all lanes opened and access to Carmalita Street opened.**
- **Phase 3B/4 Detour - Cross Street will be closed until June 26, 2025.**
 - Motorists attempting to access Carmalita Street from Cross Street will have to use the posted detour. They will turn left onto West Charlotte Avenue, then right onto Taylor Street, and continue until they reach Carmalita Street.
- The contractor will perform drainage work at the intersection of Rhetta Esplanade and northbound US 41, which will require the closure of the side street and detour of traffic. Motorists should follow the posted detour.
- Motorists should expect double lane closures during the nighttime/overnight hours while the contractor is milling and paving the right lane of SR 45 (US 41) northbound from Virginia Avenue to Marion Street.

US 41 from Midway Boulevard to Paulson Drive: Maintenance project: Motorists should expect intermittent northbound closures during nighttime/overnight hours from 8:30 p.m. to 6 a.m. weekdays while crews perform geotechnical work.

US 41 and Harbor View Road: Traffic operations: From 9 p.m. to 5 a.m., crews will be replacing traffic signal heads. Motorists should expect temporary lane shifts and possible slow-moving traffic. A police officer will be present to ensure both motorist and crew safety.

US 41 and SR 776 at Various Intersections: Hurricane Ian signal repair project: Crews will be installing illuminated signs along US 41 in Punta Gorda and Port

Charlotte at several intersections. Motorists should expect minor traffic delays and slow-moving traffic. Please use caution as crews install signs.

US 41 from Main Street to Peace River Bridge: Motorists should expect intermittent lane closures during daytime and nighttime/overnight hours while crews resurface the roadway, construct curb, gutter, sidewalk, lane widenings, drainage, signage, streetlight, and signalization improvements.

US 17 from Piper Road to West of Golf Course Road: Construction project: Crews will be constructing new turn lanes as well as milling and resurfacing existing roadway on US 17. Motorists should expect intermittent eastbound lane closures during daytime and nighttime hours. Motorists should expect slow-moving traffic and possible delays.

SR 776 from Charlotte Sports Park to East of Torrence Street: Maintenance project: Motorists should expect the eastbound right lane to be closed during the nighttime/overnight hours of 6 p.m. through 1 a.m. beginning Wednesday, May 7, 2025. Crews will be milling and resurfacing the entrance into Harley-Davidson. Motorists should follow the posted detour by utilizing Esposito Terrace to Tea Street to access SR 776. Motorists should use caution as crews work on the roadway.

SR 45 (US 41) from Peace River Bridge (#010050) to South of Charlotte Avenue: Construction project: The improvements under this contract include milling and resurfacing of the roadway, upgrading signing and pavement markings, and traffic loops.

- **Motorists can expect nighttime/overnight lane closures on SR 45 (US 41) southbound from the Peace River Bridge to south of Charlotte Avenue.**
 - Motorists should anticipate potential delays at streets intersecting SR 45 (US 41) southbound.
- Motorists are asked to exercise caution and reduce their speed while driving through the work zone.
- The estimated completion is Fall 2025.

SR 45 (Tamiami Trail) from South of Morningside Drive to North of Saint Pierre Road: Construction project: The improvements under this contract include milling and resurfacing of the roadway and upgrading the signing and pavement markings.

- **During construction, motorists should expect daytime and nighttime/overnight lane closures for paving of the mainline and turn lanes.**
- Motorists are asked to exercise caution and reduce their speed while driving through the work zone.

The estimated completion is fall 2025.

SR 45 (US 41) over the Peace River Bridge: State Materials Test: Motorists should expect nighttime/overnight lane closures on the Peace River Bridge, both northbound and southbound, between the hours of 9 p.m. through 4 a.m. Work will begin Monday, July 7, through Thursday, July 10, 2025. Crews will be performing wet-weather field tests on permanent tape. Motorists should use caution as crews work on the roadway.

SR 35 (US 17) from Tamiami Trail (US 41) to Bermont Road: Construction project: The contractor is continuing to mill and repave SR 35 (US 17) from Cross Street to Wood Avenue; motorists should expect nighttime double lane closures.

- **Truck Detour** - Trucks turning onto West Olympia Avenue from SR 45 (US 41) southbound will not be able to turn safely and should utilize the posted detour.
 - **Trucks attempting to turn left onto Olympia Avenue from SR 45 southbound will have to use the posted truck detour. They will need to turn left onto Virginia Avenue, then left onto State Road 45 northbound, and then right onto State Road 35 eastbound.**
- *The following activities are subject to change based on weather conditions and unforeseen underground conditions.*

SR 31 at CR 74 (Bermont Road) Roundabout Construction: Construction project: These improvements will include constructing a roundabout, milling and resurfacing, upgrading drainage, installing new lighting, adding landscaping, signing and pavement marking. Throughout construction, motorists should expect intermittent daytime and nighttime/overnight lane closures.

- Motorists should expect to see crews performing work during the daytime hours, beginning Monday, June 23, through Thursday, June 26, between the hours of 7 a.m. and 5 p.m. Crews will be installing base asphalt, grading for curb pads, general earthwork, and drainage.
- Motorists should expect to see crews performing work during the daytime on Friday, June 27, between the hours of 7 a.m. and 3 p.m. Crews will be

installing base asphalt, grading for curb pads, general earthwork, and drainage.

- *The following activities are subject to change based on weather conditions and unforeseen underground conditions.*

SR 31 just north of Cook Brown Road/Greenway Boulevard: Permit Project: Motorists should expect lane closures on SR 31 northbound and eastbound beginning Thursday, April 3, through Monday, June 30, 2025. Work will occur during the nighttime/overnight hours from 7 p.m. to 6 a.m. Crews will be working on drainage installation, connection replacements, and paving. Motorists should expect a flagging operation with officers on sight for the safety of the crew and traveling motorists. Motorists should use caution as crews work on and near the roadway.

COLLIER COUNTY

I-75 at Pine Ridge Road (Exit 107) Interchange Improvements: FDOT is reconstructing the I-75 at Pine Ridge Road interchange. The interchange improvements include reconstruction of the Pine Ridge Road Interchange converting to a Diverging Diamond Interchange (DDI) design, reconstruction of the interchange on and off ramps, construction of pedestrian and bicycle accommodations through the interchange, installation of new signals at the ramps, and resurfacing of Pine Ridge Road through the project area.

The following activities are subject to change based on weather conditions and unforeseen underground conditions.

- **During the week of Sunday, June 22, motorists should expect nighttime/overnight lane closures on Pine Ridge Road from 7 p.m. to 7 a.m. and on the southbound off ramp from 8 p.m. to 6 a.m. for crews to install drainage and complete signal work.**
- Crews will be working on drainage installation and roadway work.
- Crews will be clearing and grubbing and installing erosion control throughout the project area.
- Please use caution and watch for workers and construction vehicles entering and leaving the roadway. The expected completion date is mid-2027. For more information please visit: <https://www.swflroads.com/project/445296-1>.

I-75 from (Alligator Alley) Resurfacing from Mile Marker 97 to Mile Marker 85: Construction project: FDOT is resurfacing I-75 (Alligator Alley) from Mile Marker 97 (just east of the Alligator Alley West Toll Plaza) to Mile Marker 85 in

Collier County. Improvements include resurfacing of the road, replacement of sections of guardrail, shoulder improvements, and new signing and pavement markings.

The following activities are subject to change based on weather conditions and other unforeseen circumstances.

- Crews will be working on earthwork in the median.
- Motorists should anticipate lane closures throughout the duration of construction.

Crews are working close to the roadway. Please exercise caution in the work zone, obey the posted speed limits, and anticipate delays. The expected completion date is spring 2026.

I-75 at SR 951 (exit 101) Interchange Improvements: FDOT is reconstructing the I-75 southbound on- and off-ramp connections and the northbound on-ramp connection to the mainline lanes at SR 951 (exit 101). The northeast quadrant loop ramp will be connected to, and accessible only by, a direct flyover ramp from northbound Collier Boulevard starting south of the Davis Boulevard intersection. This single-lane flyover ramp will carry traffic over Beck Boulevard and a reconstructed I-75 southbound on-ramp. A single-lane flyover ramp extension will carry southbound I-75 traffic over Davis Boulevard to a new signalized intersection at Collier Boulevard and Business Circle North. This ramp will extend along the western side of Collier Boulevard.

The following activities are subject to change based on weather conditions and unforeseen underground conditions.

- **OVERNIGHT BECK BOULEVARD DETOUR SCHEDULED 6/26 and 6/29 - 6/30:**
 - During the nighttime/overnight hours of 9:30 p.m. to 6 a.m. on Thursday, June 26, Sunday, June 29, and Monday, June 30, Beck Boulevard is scheduled to be temporarily closed at Collier Boulevard (SR/CR 951). This closure is necessary for crews to do a bridge deck pour.
 - **To accommodate access during these closures, a temporary roadway connection has been constructed just north of Beck Boulevard at Tollhouse Drive.** There will be no direct southbound or westbound traffic through the intersection during these closures.
 - Motorists traveling westbound on Beck Boulevard will turn north on Tollgate Boulevard to west on Tollhouse Drive, to travel north on Collier Boulevard.

- To access Beck Boulevard from Collier Boulevard, northbound motorists must turn right on the temporary Tollhouse Drive extension to south on Tollgate Boulevard.
- Motorists should expect a nighttime/overnight lane closure for eastbound SR 84/Davis Boulevard from Market Street to SR 951/Collier Boulevard for crews to install drainage.
- Motorists should expect intermittent lane closures for southbound and northbound CR 951/Collier Boulevard during nighttime/overnight hours for crews to move equipment, deliver materials, and construct the overhead bridge work.
- Motorists should expect both northbound and southbound CR 951/Collier Boulevard travel lanes to shift from Business Circle South to I-75 to create work zones for crews to construct the elevated roadway.
- Motorists should expect the outside right turn lane from southbound SR 951 to westbound SR 84/Davis Boulevard closed. Drivers can continue to turn right from the remaining open turn lane. This closure is needed for crews to begin work for the bridge foundation installation and will remain in place through job completion.
- Pedestrians should expect a sidewalk closure along SR 84 (Davis Boulevard) just west of SR 951 (Collier Boulevard) and along SR 951 (Collier Boulevard) between SR 84 (Davis Boulevard) and Business Circle North. Pedestrians may use SR 84 (Davis Boulevard) to Market Street to Business Circle South to access SR 951 (Collier Boulevard).
- Motorists are advised that the SR 84 (Davis Boulevard) eastbound direct access ramp heading south to SR 951 (Collier Boulevard) is permanently closed. The eastbound to southbound right turn will be available at the intersection.
- Motorists should expect reduced lane widths for southbound Collier Boulevard between Business Circle North and Business Circle South.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. The expected completion date is summer 2026. For more information please visit: <https://www.swflroads.com/project/425843-2>.

SR 951 (Collier Boulevard) from Mainsail Drive to Capri Boulevard: Permit project: Motorists should expect nighttime/overnight lane closures on southbound State Road 951 beginning Monday, June 2, through Friday, June 27, 2025, between

the hours of 7 p.m. and 5 a.m. Crews will be installing conduit. Motorists should use caution as crews work on and near the roadway.

SR 90 from Barefoot Williams Road to Habitat Road: Permit project: Motorists should expect intermittent daytime lane closures on northbound and southbound State Road 90 and an eastbound inside lane closure on US 41. Work will occur between the hours of 9 a.m. and 3 p.m. beginning Monday, June 9, through Monday, June 23, 2025. Crews will be conducting a soft dig to locate mains for a future directional bore. Motorists should use caution as crews work on and near the roadway.

SR 82 from the Hendry County Line to Gator Slough Lane: Construction project: Motorists should expect intermittent southbound and northbound lane closures during the daytime and nighttime/overnight hours throughout the duration of the project.

- Work consists of bridge construction, adding lanes and reconstruction, milling and resurfacing, drainage, grass median, sidewalk, guardrail, shared-use path, detention ponds excavation, signalization, lighting, and signing and pavement markings.
- Crews will be performing roadway widening, including clearing & grubbing, excavations, and embankment construction on westbound and eastbound of the roadway. Crews will be performing pile driving on the westbound of the roadway.
 - **Motorists should anticipate lane closures with flagging operations on State Road 82.**
 - Frequent and brief flagging operations are taking place throughout the day to assist trucks in safely crossing the road within project limits
- **Moss Solar is putting up a solar energy field just east of project limits. They will have numerous trucks from now until mid- to late- July delivering the solar equipment out to their site, in addition to 200-300 project personnel traveling through the SR 82 corridor beginning sometime in July.**
- **Excavation in pond 1 with off-site hauling of materials, including work zone signage and flagging operations within project limits**
- **Crews plan to close Church Road beginning Saturday, June 21 through Sunday, June 22, 2025. This weekend closure will detour motorists northbound on State Road 29 and then westbound back onto the north end of Church Road (Felda Church Road).**

- *The current work schedule is subject to change due to weather or other unforeseen circumstances.*
- Motorists should use caution and be aware of construction vehicles entering and exiting the roadway throughout the duration of the project. The estimated completion date is January 2027.

SR 29 Wildlife Crossing: Construction project: Crews will be constructing wildlife detection signs.

- Motorists should expect intermittent lane closures on State Road 29 just south of Immokalee during daytime hours of 9 a.m. to 5 p.m., Monday through Friday.
- Motorists should expect both travel lanes on SR 29 to be intermittently closed, bringing them down to a single lane with flagging operations.

SR 29 and SR 90 (US 41) Resurfacing and Road Improvements: Construction project: FDOT is resurfacing SR 29 from north of Wagon Wheel Road to south of I-75, and on SR 90 (US 41) from south of Southwest Boulevard to north of Thomasson Drive in Collier County. Improvements to both SR 29 and US 41 include milling and resurfacing, shoulder improvements and new signing and pavement markings. Additional improvements to US 41 include reconstruction of concrete sidewalks, replacement of curbs and installation of pedestrian curb ramps, and replacement of traffic signal detection loops.

The following activities are subject to change based on weather conditions and other unforeseen circumstances.

- Motorists should anticipate lane closures throughout the duration of construction.

Work on SR 29:

- Crews will be working on milling and paving. Flaggers will be on site to assist motorists.

Crews are working close to the roadway. Please exercise caution in the work zone, obey the posted speed limits, and anticipate delays. The expected completion date is December 2025.

SR 29 from I-75 to Sunnyland Mine Road: Maintenance project: Motorists should expect daytime lane closures with a flagging operation on southbound SR 29 beginning Friday, May 30, 2025, between the hours of 7 a.m. and 5 p.m. Crews will be repairing asphalt deficiencies. Motorists should expect slow-moving traffic and use caution as crews work on and near the roadway

DESOTO COUNTY

SR 70 from Peace River to Southeast Baker Street: Construction project: Crews will reconstruct approximately 3.4 miles of SR 70 within the City of Arcadia. The project includes the installation of new drainage facilities, relocation and addition of sanitary and water main utilities, upgrading traffic signals, reconstructing sidewalks, and installing street lighting in various locations. During construction, lane closures will occur on SR 70. Temporary pedestrian pathways are in place while sidewalks are under construction. Detours will be implemented while crews work on side roads. Please follow posted signage and use caution in the area.

- Eastbound SR 70 traffic is currently using the north lane up to Lee Avenue. Between Lee Avenue and Dade Avenue, traffic shifts to the south lane and continues in the south lane until Roger Avenue, where it shifts back to the north lane, utilizing the preexisting westbound south lane.
- Westbound SR 70 traffic remains on the north side of the roadway until Volusia Avenue, where it shifts to the south lane. Between Manatee Avenue and Dade Avenue, traffic shifts back to the north lane.
- Westbound SR 70 traffic between Volusia Avenue and Dade Avenue is expected to shift from the south side to the north lane in approximately one month.

Estimated completion is early to mid-2027.

SR 70 from DCI (Desoto Correctional Institution) to Desoto/Highlands County Line: Utility maintenance project: Crews will be installing new utility wires and replacing existing poles.

- Utility work is expected to continue through July 2025. Utility crews and equipment will be active throughout the corridor.
- Motorists should expect intermittent daytime lane closures with one-lane flagging operations in place from 7 a.m. to 7 p.m.
- Motorists should expect intermittent daytime lane closures along SR 70 as crews replace poles and install new wiring. Lane closures will be controlled by flagging operations.
- Motorists should use caution in the area and watch for workers and equipment in the work zone.

SR 70 at Lily Avenue in the City of Arcadia: Permit project: NorthStar crews will be performing a source removal project near the intersection of SR 70 and Lily Avenue.

- Crews will implement a lane closure with flagging operations beginning at approximately 9 a.m. to 5 p.m. on Wednesday and Thursday, June 11–12, 2025. The lane closure is necessary to support the removal of contaminated soil at this location.
- Motorists should expect intermittent daytime lane closures along SR 70. Lane closures will be controlled by flagging operations.
- Motorists should use caution in the area and watch for workers and equipment in the work zone.

GLADES COUNTY

US 27 (SR 25) at SR 78 Intersection: Construction project: Crews will be reconstructing the intersection with concrete pavement. Other improvements include milling, resurfacing, drainage, guardrail, signing, and pavement markings. Please use caution in the area and watch for workers, traffic signage, detours and equipment throughout the project.

Beginning June 22, 2025, through August 22, 2025, SR 78 will be closed between US 27 and Industrial Drive for roadway reconstruction. During this time, both eastbound and westbound turn lanes from US 27 to SR 78 will be closed, and traffic to and from SR 78 should follow posted detour signs using Industrial Drive. In addition, traffic on US 27 will be shifted onto the newly constructed eastbound lanes.

Estimated completion is fall 2025.

SR 78 Lakeport: Maintenance project: Crews will be working along the shoulder, resetting guardrail on westbound SR 78 between Old Lakeport Road and US 27.

- One westbound lane closure will be in place as needed during this operation.
- Motorists should use caution in the area and watch for workers, equipment, and signage.

Expected completion is September 2025.

HARDEE COUNTY

CR 664 from East of Pool Road to North of Palm Drive: Construction project: Crews have begun work on CR 664 from east of Pool Road to North Palm Drive to remove and replace Bridge No. 060034 over Little Payne Creek.

- Expect a full road closure on CR 664 between east of Pool Road and North Palm Drive starting January 6, 2025, lasting approximately 250 days.
- A detour route is in place to guide motorists safely around the construction zone. Access will be maintained for local traffic only.

Completion is expected in late 2025.

SR 66 from US 17 (SR 35) to Charlie Creek: Construction project: Crews will mill and resurface SR 66 from US 17 to Charlie Creek. Improvements will include milling and resurfacing. Motorists should expect a detour for phase I reconstruction at Merle Langford Road when the westbound lane of SR 66 is closed for construction. Eastbound SR 66 will remain open throughout. Other improvements consist of sidewalk construction, drainage structures, guardrails, curb and gutter, new pavement markings and other safety improvements. Please use caution in the area and watch for workers, traffic signage, detours and equipment throughout the project.

- The detour will remain in place throughout the duration of the project. Westbound SR 66 was closed from Merle Langford Road to US 17, with traffic detoured via Steve Roberts Special and SR 64. Eastbound SR 66 remained open.
- Reconstruction Phase II work will start June 24, 2025. Westbound SR 66 will remain closed, with the same detour route in effect. This closure supports additional resurfacing and safety work. Portable changeable message signs and barricades will be in place. Temporary pedestrian routes will be provided where sidewalks are closed.
- Lane closures and flagging operations may occur on westbound and eastbound SR 66 during nighttime hours from 6 p.m. to 5 a.m. Crews will perform milling and paving operations.
- Motorists should anticipate longer delays in queues, follow posted signs, and consider alternative routes.

Completion is expected in early 2026.

US 17 (SR 35 NB) from Bay Street to Palmetto Street: Permit project: Lane and sidewalk closures with law enforcement at night while contractor removes and

installs poles on the east side of US 17. Please use caution in this area and watch out for workers and equipment during overnight hours.

HENDRY COUNTY

Districtwide Movable Bridges (Hendry County): Construction project: The Florida Department of Transportation is installing Intelligent Transportation Systems (ITS) at the SR 29 (Bridge Street) Caloosahatchee River Bridge (Labelle) in Hendry County. Construction will begin Sunday, June 15, 2025. This project includes the installation of pedestrian/bicycle detection systems, conduits and electrical components, and connection to bridge tender buildings.

- Bridge work is anticipated to take three to four weeks to complete construction.

Motorists are advised that there will be intermittent sidewalk and lane closures throughout the duration of construction.

- Motorists should expect lane closures during the nighttime/overnight hours from 7 p.m. to 6 a.m.
- Motorists are advised to use caution in the construction zone.

Variable message signs will be in place to alert drivers that work is underway. Estimated completion of construction is in October 2025.

HIGHLANDS COUNTY

US 98 (State Road 700) from East of Floral Drive to East of County Road 621:

Construction project: Crews have started to mill, resurface, and widen the roadway. The project includes enhancing drainage, installing Shoulder closures will be in place on both northbound and southbound US 98 for drainage improvements from 7 a.m. to 7 p.m.

- US 98 will be reduced to one lane with flagging operations to allow for shoulder grading and sod placement.
- Motorists should use caution in the area and watch for workers and equipment in the construction zone upgrading guardrails and updating signage.

Estimated completion is expected in late 2025.

US 98 (State Road 700) from US 27 to Tubbs Road: Utility permit project: Starting the week of April 14, 2025, and work will continue until the end of June 2025. Crews will be installing underground utilities along US 98.

- Watch for shoulder closures and workers near the roadway. Motorists should use caution in the area and be alert for equipment and signage.

SR 25 (US 27) from Shoreline Drive to Davis and Gaines Road and SR 25 (US 27) from North of Tower Street to South of Tower Street: Construction project: Crews are reconstructing rigid pavement on SR 25 (US 27) from north of Tower Street to south of Tower Street. Additionally, milling and resurfacing work is ongoing on US 27 from Shoreline Drive to Davis and Gaines Road.

- Traffic has been shifted to the northbound side of the intersection on US 27 at Dal Hall Boulevard and Tower Street for Phase Two. Motorists should expect daytime and nighttime lane closures on both northbound and southbound lanes throughout the project limits.
- Dal Hall Boulevard at US 27 will be closed beginning June 23 for approximately 21 days. Drivers should follow posted detour signs:
 - Northbound and southbound traffic can detour via Heartland Boulevard or East Interlake Boulevard.
 - Local traffic can use Hillcrest Avenue and Heartland Boulevard for northbound travel, or East Interlake Boulevard for southbound access.
- Northbound and southbound US 27 will remain open.
- Motorists should use caution, as a new median configuration is in place at Heartland Boulevard.
- Inside lane closures northbound and southbound between Lake Clay Drive South and Alderman Drive for median widening.
- Shoulder closures in both directions between Shoreline Drive and south of Interlake Boulevard, and from Lake Clay Drive South to Tomoka Boulevard North, for the lighting scope of work.
- Temporary driveway closures at Wawa and Mobil will continue through July 2025.
- Motorists should use caution in the area and watch for workers and equipment in the construction zone.

Anticipated completion is late 2026.

SR 25 (US 27) from South of Horn Road to South of Shoreline Drive: Construction project: Crews have begun milling, resurfacing, and widening the roadway. The project includes enhancing drainage, installing and upgrading guardrails, and adding concrete pavement markings and signage.

- Motorists should expect daytime and nighttime lane closures on the northbound and southbound outside lanes of US 27, as well as construction activity at the intersection of SR 70.
- Motorists should use caution, follow posted signs, and watch for workers and equipment in the construction zone.

Estimated completion is expected in early 2026.

Lakeview Drive (SR 17) near Ridgewood Drive in Sebring: Utility permit project: Beginning Monday, June 2, 2025, crews will begin utility work along Lakeview Drive, starting at the north end where Lakeview and Ridgewood Drive merge.

- The project involves the installation of new equipment and is expected to take approximately two weeks, Monday through Friday, weather permitting.
- Lane closures will be in place throughout the work zone. During crane operations, both travel lanes on Lakeview Drive will be closed, and traffic will be shifted using the center turn lane.
- Motorists should use caution in the area and watch for workers, signs, and equipment.

SR 66 from South Orange Blossom Boulevard to US 27 (SR 25): Permit project: Crews will install aerial and underground fiber optic lines for Glades Electric, including 9,290 feet of fiber on existing poles and 4,054 feet in new conduit with 10 handholes.

- Work takes place from 8 a.m. to 5 p.m., Monday through Friday.
- Traffic will alternate with one lane at a time, and both lanes will be open outside working hours. Motorists should use caution and watch for workers in the work zone.

SR 66 from Payne Road to US 27 (State Road 25): Utility permit project: Crews are installing new utility wires and replacing existing poles along State Road 66. Additional work includes the installation of underground utilities.

- Watch for shoulder closures and workers near the roadway.

- Motorists should use caution in the area and be alert for equipment and signage.

Expected completion is September 2025.

SR 70 from Highlands County line to Okeechobee: Utility maintenance project: Crews are installing new utility wires and replacing existing poles along SR 70. Crews began utility work in March 2025, and operations are expected to continue through the end of the year. Utility crews and equipment will be active throughout the corridor.

- This project is part of a larger pole replacement effort extending from DeSoto County through Highlands County and into Okeechobee County.
- Drivers are advised to follow posted signs, anticipate delays, and allow extra travel time or consider alternate routes during this work.
- Motorists should expect intermittent daytime lane closures along SR 70 as crews replace poles and install new wiring. Lane closures will be controlled by flagging operations in place from 7 a.m. to 7 p.m.
- Motorists should use caution in the area and watch for workers and equipment in the work zone.

Estimated completion end of 2025.

LEE COUNTY

I-75 at Colonial Boulevard (mile marker 136): Construction project: Crews begin construction on the I-75 at Colonial Boulevard Diverging Diamond Interchange (DDI) Project. Other improvements along Colonial Boulevard include a Continuous Flow Intersection (CFI) at the intersection of Six Mile Cypress Parkway/Ortiz Avenue and a Superstreet intersection at the Colonial Boulevard/Forum Boulevard intersection. I-75 will also be widened to provide an auxiliary lane in each direction from Colonial Boulevard to SR 82/Dr. Martin Luther King Jr. Boulevard. The off-ramps at Colonial Boulevard DDI and the northbound off-ramps at SR 82 will have emergency stopping sites.

- **Motorists should expect intermittent lane closures on I-75 and the on and off ramps at SR 884/Colonial Boulevard during nighttime/overnight hours from 8 p.m. to 5 a.m. through the duration of construction.**

- **Motorists should expect intermittent lane closures on SR 884/Colonial Boulevard during the nighttime/overnight hours from 8 p.m. to 6 a.m. through the duration of the construction.**

Stay informed and sign up for construction alerts and view improvement plans by visiting <https://www.swflroads.com/project/413065-1>.

I-75 From South of Bonita Beach Road to North of Alico: Construction project: **Nighttime Lane closure operations will continue Sunday nights through Thursday nights** for resurfacing operations for I-75 northbound and southbound.

- **Beginning Sunday, June 22, through Monday, July 7, 2025, there will not be any nighttime paving operations or lane closures scheduled for this project.**
- Beginning in June, motorists should expect to see daytime outside shoulder closures of the northbound and southbound shoulders between the Estero Parkway overpasses and Corkscrew Road interchange (MM 124 to MM 123). This is for contractor access for box culvert cleanout and maintenance.
- Daytime activities will include installation of sign bases and conduit installation for ITS items.
 - This work will be performed during the daytime from inside the right-of-way, away from the travel lanes or behind shoulder closures as needed.
- ***The current work schedule is subject to change due to weather or other unforeseen circumstances.***

Pine Island Road Causeway and Bridge Permanent Repairs: Construction project: Phase 2 of construction has begun on the Little Pine Island Bridge. All traffic has shifted onto the newly constructed westbound side of the bridge, allowing two-lane traffic on the new bridge. Safety remains the top priority, so FDOT reminds everyone:

- **Motorists are asked to exercise caution and reduce their speed while driving through the work zone.**
- **Pedestrian access to the bridge is not allowed during construction, this includes fishing, and all other recreational use.**
- **Motorists are reminded not to block driveways or entrances and to follow all posted signage throughout the construction zone.**

- **Noise from construction equipment in the area is to be expected.**
- **Since the start of construction with the Little Pine Island Bridge, boaters are asked to be aware of construction equipment and erosion control measures that are in place.**

Sanibel Causeway Emergency Restoration: Crews are completing final items west of the toll plaza. The 35 MPH speed limit has been restored west of the toll plaza. Reduced speed limits remain enforced east of the toll plaza. Pedestrians are not permitted on the Sanibel Causeway.

The following work activities above are scheduled to occur, however, unforeseen underground conditions and weather may affect this schedule.

- Motorists should be aware of continuing work along the frontage road under Span A.
- The contractor continues work to restore the staging area at Punta Rassa in preparation for handing the area back over to Lee County later this summer.
- Motorists are advised that when traveling on island Bay 3 remains closed for Lee County to continue work on toll equipment.
- The contractor is installing signage east of the toll plaza.
- *Work by others: Sanibel-Captiva Conservation Foundation continues to monitor Least Tern nesting on the causeway and continues work on the north side of McGregor Boulevard for mangrove restoration. For more information visit: www.sccf.org.*

All users are urged to be courteous and pay attention as bicyclists share the road on the causeway and vehicles are entering and existing at public beach access points of the causeway Islands Park. Visitors may check www.leegov.com/parks for updated park and Punta Rassa boat ramp information.

US 41 (Cleveland Avenue) at Hoople Street Maintenance work: Motorists should expect to see crews performing concrete sidewalk work from 9 a.m. to 5 p.m., beginning Thursday, June 19, through Monday, July 14, 2025. Please use caution and expect delays while traveling through this area.

SR 867 (McGregor Boulevard) from Yorkshire Lane to Keenan Avenue: Maintenance project: Motorists should expect intermittent daytime lane closures beginning Sunday, June 15, through Saturday, June 21, 2025. Work will occur between the hours of 9 a.m. and 4 p.m. Crews will be maintaining and removing

trees along the roadside. Please use caution as crews will be working on and near the roadway.

SR 865 (San Carlos Boulevard) from north of Crescent Street to north of Hurricane Pass Bridge: Construction Project: The Florida Department of Transportation (FDOT), District One, is making improvements along San Carlos Boulevard (S.R. 865). The purpose of the project is to provide additional travel options on a congested corridor, especially during the peak tourist season (January - April). The project will enhance mobility and safety for vehicular and non-vehicular transportation and increase accessibility and connections between community points of interest.

- **Beginning Sunday, June 22, through Thursday, June 26, from 7 p.m. to 7 a.m. motorists should expect single lane closures along San Carlos Boulevard throughout the project limits as crews work on bridge joints and install signal loops.**
- Motorists are asked to exercise caution and reduce their speed while driving through the work zone.

SR 865 (San Carlos Boulevard) from Linda Loma Drive to Kelly Road: Construction Project: The purpose of this project is to provide improvements along SR 865 with the intent of enhancing safety along the corridor.

- **During construction, motorists should expect daytime and nighttime/overnight lane closures.**
- **Motorists should expect several left- and right-turn lanes to be closed along the project limits.**
- Motorists should expect a traffic shift on SR 865 northbound between Linda Loma Drive and Kelly Road for crews to facilitate concrete placement.

Motorists are asked to exercise caution and reduce their speed while driving through the work zone.

SR 865/San Carlos Boulevard at Pine Ridge Road: Hurricane Ian maintenance project: Motorists should expect intermittent lane closures while crews perform repairs to the traffic controller cabinet. Police officers will be on-site to direct traffic as needed. Please use caution and expect delays while traveling through this area.

SR 739 (Metro Parkway) from Landing View Drive to Daniels Parkway: Maintenance project: Motorists should expect intermittent daytime lane closures on SR 739 northbound beginning Monday, June 2, 2025, through Monday, June 30, 2025. Work will occur between 9 a.m. and 4 p.m. Crews will

be performing maintenance work on the shoulders. Motorists should use caution as crews work near the roadway and trucks enter and exit the work zone.

SR 739 from north of the Caloosahatchee River to SR 78 (Bayshore Road):
Construction project:

- Motorists should expect full-time lane closures on the middle double left turn lane on SR 739 from north of the Caloosahatchee River to SR 78.
- Motorists should expect the inside lanes to be closed on both northbound and southbound SR 739 from north of the Caloosahatchee River to SR 78.
- **Motorists can expect nighttime/overnight right lane closures on SR 739 southbound and northbound from approximately Pine Island Road to Pondella Road. Work will occur between the hours of 7 p.m. through 7 a.m. Crews will be performing water main relocations.**
 - **Within the next few weeks motorists traveling on SR 739 will not be able to access Becker Drive and they should follow the posted detour:**
 - **Motorists should continue on SR 739 until they reach West Mariana Avenue, then turn right (north) into Beachwood Drive, and then right again (east) to access Becker Drive.**
 - **Motorists wanting to access SR 739 from Becker Drive will still be able to make this movement.**
- Motorists should use caution as crews work on and near the roadway.
- **Motorists should continue to expect the northbound SR 739 right turn-lane to eastbound SR 78 to be temporarily shifted beginning 7 p.m. During this temporary turn-lane shift, drivers can still access eastbound SR 78 via the eastbound right turn-lane but should expect to share the turn-lane with a work zone.**
 - **Motorists should expect this temporary eastbound turn-lane shift to last an estimated two weeks.**
 - **Please use caution in the area, as crews will be working on and near the roadway.**
- *For real-time traffic updates, visit FL511.com.*
- **Please note that the construction schedule may change due to weather or other unexpected conditions.**

SR 82 from 40th Street Southwest to Shawnee Road to: Permit project: Motorists should expect intermittent daytime lane closures and delays on northbound and southbound State Road 82 beginning Monday, June 23, through Tuesday, July 1, 2025. Work will occur between the hours of 8 a.m. and 4 p.m. Crews will be conducting cone penetration tests. Motorists should allow for extra travel time and use caution as crews work on and near the roadway.

SR 82 from Shawnee Road to 40th Street Southwest: Permit project: Motorists should expect intermittent daytime lane closures and delays on northbound and southbound State Road 82 beginning Monday, June 23, through Friday, June 27, 2025. Work will occur between the hours of 7 a.m. and 4:30 p.m. Crews will be conducting soil test borings. Motorists should allow for extra travel time and use caution as crews work on and near the roadway.

SR 80 from Buckingham Road to Hendry County Line: Construction project: Crews will be milling and resurfacing 9.5 miles of roadway, shoulder widening, turnout construction, guardrail, drainage, signing and pavement markings and installing intelligent transportation systems. *Motorists should expect intermittent daytime and nighttime/overnight lane closures throughout construction.*

- **Motorists should expect rolling lane closures in both eastbound and westbound directions (inside and outside lanes) from east of Joel Boulevard to the Hendry County Line beginning Tuesday, June 10, 2025**
- Temporary closure of Cristobal Drive has been placed into effect.

SR 80 (Palm Beach Boulevard) at Orange River Boulevard: Maintenance project: Motorists should expect intermittent lane closures on SR 80 during the daytime hours of 9 a.m. and 4 p.m. beginning Sunday, June 22, through Saturday, June 28, 2025. Crews will be performing maintenance on the storm sewer drains. Motorists should use caution as crews work on and near the roadway.

SR 80 (Palm Beach Boulevard) from Carolina Avenue and Morse Plaza: Maintenance work: Motorists should expect to see crews performing concrete sidewalk work from 9 a.m. to 5 p.m., beginning Thursday, June 19, through Monday, July 14, 2025. Please use caution and expect delays while traveling through this area.

SR 80 (Palm Beach Boulevard) from Veronica South Shoemaker Boulevard to Alta Vista Avenue: Permit project: Motorists should expect nighttime/overnight lane closures from 7 p.m. to 6 a.m. during the week while crews perform soil boring operations to gather design criteria for upcoming improvements to the corridor. Please use caution and expect delays while traveling through this area.

SR 78 (Pine Island Road) from West of Chiquita Boulevard to West of Santa Barbara Boulevard: Construction project: The Florida Department of Transportation (FDOT) District One will be making roadway improvements including milling and resurfacing, widening, turn-lane construction, and median modifications. Other features of this project include signalization, lighting and signing, and pavement markings along State Road 78 from Chiquita Boulevard to Santa Barbara Boulevard.

- Motorists should expect nighttime/overnight lane closures as crews begin paving operations on the mainline and the new traffic signals are hung at Nicholas Parkway, Chiquita Boulevard, and the Hancock Bridge Parkway intersection.
- Motorists traveling eastbound on Pine Island Road will not be able to access the left (northbound) turn lane onto Southwest 10th Place. Motorists are encouraged to seek an alternate route.
 - Motorists traveling eastbound SR 78 attempting to access Southwest 10th Place are encouraged to continue eastbound until they reach Nicholas Parkway and U-turn at the intersection. They can then continue westbound until they reach Southwest 10th Place.
- Motorists traveling westbound on Pine Island Road will not be able to access the left (southbound) turn lane onto Skyline Boulevard. Motorists are encouraged to seek an alternate route.
 - Motorists traveling westbound SR 78 attempting to access Skyline Boulevard are encouraged to continue westbound until they reach Chiquita Boulevard and U-turn at the intersection. They can then continue eastbound until they reach Skyline Boulevard.
- The current work schedule is subject to change due to weather or other unforeseen circumstances.

SR 45 (South Tamiami Trail) from Renaissance Boulevard to Wild Indigo Lane: Permit project (2022-A-192-00022): Motorists should expect nighttime/overnight lane closures on northbound and southbound US 41 beginning Monday, June 30, through Wednesday, July 30, 2025. Work will occur between 7 p.m. and 6 a.m. Crews will be extending turn lanes northbound and southbound. Motorists should expect slow-moving traffic and use caution as crews work on and near the roadway.

SR 31 from SR 78 (Bayshore Road) to Lake Babcock Drive: Construction project: The Florida Department of Transportation (FDOT), District One, is making improvements to SR 31 from SR 78 (Bayshore Road) to Lake Babcock Drive.

These interim improvements include building a new four-lane roadway east of the existing SR 31 roadway that will tie-in to the existing two-lane roadway. Additional improvements to the project corridor include separated multi-use trail facilities along both sides of SR 31, lighting enhancements at all major intersections, and significant enhancements to stormwater facilities. Anticipated completion is spring 2027.

State Roadways (US 41, SR 31, SR 78, SR 80, SR 82, SR 739, SR 865, and SR 867): Maintenance contract project: Crews are sweeping curb and gutter on state roadways and bridges. Motorists should expect lane closures during nighttime/overnight hours from 6 p.m. to 6 a.m. Motorists should expect slow-moving traffic and possible delays.

MANATEE COUNTY

I-75 at US 301 Interchange (Exit 224): Construction project: Project will widen the I-75 from SR 64 to the Manatee River, reconfigure the I-75/US 301 interchange from a partial cloverleaf interchange to a tight diamond configuration, construct new bridges over the Manatee River for a northbound exit ramp and a southbound entrance ramp, and US 301 improvements. This week, crews will work on I-75 paving; utility, and milling and resurfacing on US 301; and, applying sealant on mainline bridges over the Manatee River.

- On Sunday, June 22 at 11 p.m., to Monday, June 23 at 5 a.m., crews will CLOSE the US 301 on-ramp to northbound I-75. Motorists are advised to follow the posted detour routes; or, identify alternate routes.
- On Monday, June 23 at 11 p.m., to Tuesday, June 24 at 5 a.m., crews will CLOSE the I-75 southbound off-ramp to US 301. Motorists are advised to follow the posted detour routes; or, identify alternate routes.
- Motorists should expect double lane closures on northbound I-75 during nighttime/overnight hours from 10 p.m. to 6 a.m. through the duration of the construction; double closures on I-75 southbound during the nighttime/overnight hours from 10 p.m. to 5 a.m. through the duration of the construction.
- Motorists should expect lane closures on US 301 during nighttime/overnight hours from 8 p.m. to 5 a.m. through the duration of the construction.
- Motorists should expect lane closures on Tidewater Preserve Boulevard through the duration of bridge construction.
- Motorists should expect lane shifts on I-75 and US 301 through the duration of the construction.

- Drivers should exercise caution and be aware of construction vehicles entering and exiting the interstate through the duration of the construction.

Variable message signs will be in place to alert drivers that work is underway. Estimated completion is late summer 2025.

I-75 and SR 70: Landscape project: FDOT will be installing landscaping and associated irrigation within the interchange this summer through early fall. Motorists can expect occasional shoulder closures on SR 70 and I-75 ramps as tree and plant material are being offloaded (no landscape to be installed on the interstate). Please use caution in the area.

I-75 Overpass at 44th Avenue East Extension Lane Closures: Permit project: Lane closures on I-75 at 44th Avenue East in Bradenton (between SR 64 and SR 70) will be in force while crews are painting the steel girders on the bridge deck being constructed over the I-75 travel lanes. Expected north and southbound lane closures will continue for the next 10 weeks, weather permitting.

- Sundays through Thursdays for the next 10 weeks, motorists can expect single-lane closures on I-75 starting at 8 p.m. and double lane closures starting at 11 p.m. All lanes will open up at 4:30 a.m.
- Drivers should exercise caution and be aware of construction vehicles entering and exiting interstate through the duration of the construction.

US 301 from 25th Court East to 13th Avenue East: Construction project: Crews are in the final stages of a 7.6-mile improvement project consisting of milling and resurfacing the roadway, widening in areas, base work, curb and gutter, sidewalk, guardrail, drainage improvements, bridge expansion joints, signalization, and pavement marking.

- Motorists can expect daytime shoulder closures along US 301 for shoulder construction at intersections between 25th Court East and 13th Avenue East.
- Motorists can expect intermittent nighttime shoulder widening at various intersections Sunday through Thursday for the next few weeks.
- The project's expected completion is summer of 2025.

US 301 and Moccasin Wallow Road Roundabout: Permit project: This roadway project includes widening approximately one mile of Moccasin Wallow Road from a two-lane to four-lane (two in each direction) between U.S. 301 and 115th Avenue East, roadway drainage, signalized intersections, street lighting, pedestrian-activated crossings, multi-use path, sidewalk, bicycle lanes and construction of a roundabout at the U.S. 301 and Moccasin Wallow Road intersection.

- Occasional traffic shifts will be implemented on Moccasin Wallow Road so travelers are reminded to exercise caution and observe the new traffic patterns, especially at the intersections.
- Project completion is expected summer of 2025.

US 301 and SR 37: Construction project: Crews are working in the project limits. Please use caution and be prepared to slow down.

US 41 Business/Green Bridge from Palmetto to Bradenton: Special event permit: The Green Bridge will be closed to both north and southbound traffic during the 2025 Fourth of July Fireworks display, July 4, from 8:30 p.m. to 10 p.m. Traffic detours will be in place, and motorists are encouraged to use the Desoto Bridge to travel across the Manatee River. Watch for pedestrians, detour signage and law enforcement in the area.

US 41 Business (9th Street West) from 6th Avenue to Manatee Avenue/SR 64: Construction project: The improvements consist of milling and resurfacing, drainage upgrades, modification and removal of a left turn lane, signalization, lighting, and signing and pavement markings. Single-lane closures will occur throughout the project through completion.

- Please be alert for intermittent lane closures overnight as the contractor performs drainage improvements, signal, lighting, and resurfacing operations.
- Median work on US 41 Business northbound from 6th Avenue West to Manatee Avenue/SR 64 will continue with intermittent lane closures from 7 p.m. to 6 a.m. throughout the project. Please use caution or plan to use an alternate route.
- The left-hand turn lane going northbound on US 41 Business from 6th Avenue West to Manatee Avenue/SR 64 westbound has been permanently closed. As an alternate route, motorists wanting to go westbound on Manatee Avenue/SR 64 can turn left on 8th Avenue West and turn right onto 10th Street West northbound and then make a left onto Manatee Avenue/SR 64.
- Project completion is expected summer of 2025.

US 41 (SR 45) and 69th Street: Permit project: There will be northbound/southbound outside lane closures overnight on US 41 (SR 45) and 69th Street from June 17 - 27 from 8 p.m. to 5 a.m. The contractor will be milling and resurfacing existing roadway due to construction in the area. Please watch for workers and lane shifts.

SR 684 (Cortez Road) from 26th Street to 14th Street West (449980-1-52-01):

Landscaping project: Motorists can expect periodic temporary lane closures for landscaping maintenance for the next few weeks. No nighttime lane closures, or night work anticipated.

SR 684/Cortez Road from 75th Street West to 86th Street West: Permit project: There will be alternating eastbound/westbound inside and outside lane closures on SR 684/Cortez Road from 75th Street West to 86th Street West through June 20 from 9 a.m. to 4 p.m. The contractor will be constructing right turn lanes, median dual left turns, two intersection improvements, side street improvements, signing and pavement markings and drainage improvements. Please watch for lane shifts and construction workers.

SR 70 from East of Lakewood Ranch Boulevard to West of Lorraine Road: Construction project: Crews are milling and resurfacing SR 70 from east of Lakewood Ranch Boulevard to west of Lorraine Road. Motorists should use caution in the area and consider alternate routes or add additional overnight travel time.

- Through May motorists can expect nightly lane closures from 7 p.m. to 7 a.m. Monday-Friday.
- The estimated completion date is summer of 2025.

SR 70 from Lorraine Road to Bourneside Boulevard, Bradenton: Construction project: This project includes widening SR 70 from Lorraine Road to Bourneside Boulevard from a two-lane undivided roadway to a four-lane or six-lane divided roadway, depending on the location, construction of roundabouts on SR 70 at Uihlein Road, Del Webb Boulevard, and Bourneside Boulevard, intersection improvements at the existing signalized intersection of Greenbrook Boulevard and Lorraine Road, construction of four bridges over two Braden River crossing locations, new drainage system, construction of 10-foot shared use paths, street lighting, and landscaping, and installation of new fiber optic cable connecting the two signalized intersections to Manatee County's regional Advanced Traffic Management System (ATMS).

This week's work will consist of:

- Traffic has been shifted onto newly constructed lanes between Uihlein Road and east of Bourneside Boulevard. A temporary roundabout is in place at Bourneside Boulevard. Please use caution and be aware of the changed traffic conditions.
- Crews will install lighting conduit and light poles between Greenbrook Boulevard and Uihlein Road.

- Crews will import and grade roadway base material between newly constructed eastbound bridges.
- Sod will be placed along the outside swales for eastbound SR 70 between Uihlein Road and Bourneside Boulevard.
- Clearing of existing vegetation will occur between Bourneside Boulevard and Polo Run on the north side of SR 70.
- Embankment hauling will occur between Bourneside Boulevard and Polo Run on the north side of SR 70. Trucks will be crossing current SR 70 travel lanes. Please be aware of flaggers stopping traffic for this crossing.

Please use caution and watch for trucks and construction vehicles entering or exiting the work zone throughout the construction limits. Work will occur Monday through Saturday from 7 a.m. to 5 p.m. Please use caution and be aware of workers and flaggers in the area.

Bourneside Boulevard is closed to construct the south portion of the Bourneside Boulevard roundabout. During this time, no traffic will be permitted on Bourneside Boulevard between The Masters Avenue and SR 70 in either direction while the existing roadway will be under construction. Motorists should use caution in the area and follow the designated detour route provided via The Masters Avenue to Lorraine Road. The closure is expected to be in place through June 2025.

Greenbrook Boulevard is expected to be closed this summer to construct the south portion of the Greenbrook Boulevard intersection. During this time no traffic will be permitted on Greenbrook Boulevard between SR 70 and Skip Jack Loop in either direction. The north side of Greenbrook Boulevard and SR 70 will remain open. A complete detour and message boards will be provided in advance of the closure being implemented.

SR 70 from Bourneside Boulevard to Waterbury Road: Construction project: This project includes widening SR 70 from Bourneside Boulevard to Waterbury Road from a two-lane undivided roadway to a four-lane divided roadway, Safety features will include roundabouts to be constructed at 197th Street East/Lindrick Lane, 213th Street East, 225th Street East/Panther Ridge Trail and County Road 675/Waterbury Road. The project will also include the installation of a new drainage system, new curb and gutter, construction of 10-foot shared-use paths and five-foot paved shoulders on both sides of the roadway, street lighting throughout the project and landscaping inside the roundabouts.

This week's work will consist of:

- Grade for the future shared-use path and roadway on the south side of SR 70 between 197th Street and Meadow Dove Lane.
- Drainage work will continue with the installation of underground storm drainage pipe on the north side of SR 70 at CR 675. Crews will be crossing CR 675 with drainage pipe using lane closures on CR 675. Be aware of flaggers directing traffic.
- Future eastbound construction will continue with embankment hauling and stabilized subgrade construction across from the future pond, between 213th Street and 225th Street, on the south side of SR 70. Roadway base will be imported and graded from 197th Street to 213th Street.
- Drainage swale grading will continue between 213th Street and Meadow Dove Lane on the south side of SR 70.
- Utility relocation work will occur on the north side of SR 70 on the shoulder.
- Installation of concrete foundations and pull boxes for future lighting on the south side of SR 70 from west of 213th Street to Meadow Dove Lane.

A traffic shift for both directions of SR 70 in between Lindrick Lane and 213th Street is being scheduled for June. There will be no closures for this shift, but please use additional caution and be advised that the posted speed limit in this area will be reduced to 35 mph. There will not be detours associated with the shift, but message boards will be provided, and advanced notice with specific closure dates will be provided once available.

In the upcoming months, Lindrick Lane, 213th Street, Pather Ridge Trail, and Meadow Dove Lane will be closed at SR 70 to construct the south portions of each intersection's roundabout. The north side of these intersections will not be impacted. These closures are tentatively planned to begin in late summer and will occur one at a time with no concurrent closures. Detours and message boards will be provided, and advanced notice with specific closure dates will be provided once available.

SR 64 from 10th Street East to Braden River: Construction project: Crews are working on milling and resurfacing, adding drainage improvements, replacing guardrails, new pedestrian signals, temporary and permanent electrical improvements, pavement reconstruction, sidewalks and curb, ramp reconstruction, signing and pavement markings, signalization, and lighting.

- Pedestrians can expect detours throughout the project and are encouraged to use caution.

- Motorists can expect lane closures overnight, starting after 7:30 p.m. for milling and resurfacing.
- Project completion is anticipated for mid-2025, weather permitting.

SR 62 Starting at SR 37 Westbound towards US 301: Maintenance contract: Crews will be reworking ditches. Please use caution-- this will be a **daytime** shoulder closure from 7 a.m. to 6 p.m.

Lakewood Ranch Boulevard from SR 70 to University Parkway: Permit project: Manatee County will be milling and resurfacing Lakewood Ranch Boulevard from SR 70 to University Parkway, through December 31, 2025. There will be intermittent alternating westbound SR 70 inside/outside dual left turn lanes onto southbound Lakewood Ranch Boulevard during the project. Please use caution and look for lane shifts and construction workers.

Manatee County - Installation of detection technology on various bridges: Construction project: Crews will begin the installation of pedestrian/bicycle detection systems, conduits and electrical components, and connections to the bridge tender buildings.

Construction on the following bridges will continue:

**SR 684 Sarasota Pass Bridge (Cortez Road),
SR 64 Sarasota Pass Bridge (Anna Maria), and
SR 789 Longboat Key Pass Bridge (Longboat)**

- Bridge work is anticipated to take 3-4 weeks to complete.
- Motorists are advised there will be intermittent sidewalk and lane closures.
- Motorists are advised to use caution in the construction zone.

South Sunshine Skyway Fishing Pier Roadway: Maintenance project: Starting on June 9 and continuing through June 13, the South Sunshine Skyway Fishing Pier Roadway on the southbound side of I-275/Sunshine Skyway Bridge will be closed to all traffic so crews can remove remaining concrete barrier wall from the area and install new guardrail.

OKEECHOBEE COUNTY

SR 70 at Kissimmee River Bridge and Popash Slough Bridge: Construction Project: Crews will begin bridge repair and rehabilitation work next week on SR 70 at the Kissimmee River Bridge and Popash Slough Bridge.

- Intermittent lane closures will occur throughout the project, with traffic being reduced to one lane as needed from 7 a.m. to 7 p.m.
- Motorists should be aware of changing traffic patterns, heavy equipment, and workers present in the construction zone.
- Use caution when traveling through the area and obey posted signage and flagging operations.

Estimated project completion is summer 2025.

Districtwide Movable Bridges (Okeechobee County): Construction Project: The Florida Department of Transportation is installing Intelligent Transportation Systems (ITS) at the US 41/US 98 (SR 700) Taylor Creek Bridge in Okeechobee County. Construction will begin on Sunday, June 22, 2025. This project includes the installation of pedestrian/bicycle detection systems, conduits and electrical components, and connection to bridge tender buildings.

- Bridge work is anticipated to take 3-4 weeks to complete construction.
- Motorists are advised that there will be intermittent sidewalk and lane closures throughout the duration of construction.
- Motorists should expect lane closures during the nighttime/overnight hours from 7 p.m. to 6 a.m.
- Motorists are advised to use caution in the construction zone.

Variable message signs will be in place to alert drivers that work is underway. Estimated completion of construction is in October 2025.

POLK COUNTY

I-4 at SR 33 (Exit 38): Construction project: Project improvements include reconstructing the existing interchange, reconstruct I-4 bridges over SR 33, widen and resurface SR 33, wildlife crossings over I-4 and under SR 33, and noise walls on SR 33. This week, crews will work on clearing vegetation, installing barrier wall, and paving temporary asphalt.

- On Wednesday, June 25, 2025, at 7 p.m. to Thursday, June 26, 2025, at 5 a.m., motorists should expect pacing operations to begin on I-4 westbound from Osceola County to Lakeland Hills Blvd (Exit 33). The pacing operations are expected to occur during the night from 7 p.m. to 5 a.m.

- Motorists should expect single lane closures on I-4 during nighttime/overnight hours from 8:30 p.m. to 6:30 a.m. bound through the duration of the construction.
- Motorists should expect double lane closures on I-4 during nighttime/overnight hours from 10:30 p.m. to 6 a.m. through the duration of the construction.
- Motorists should expect lane closures on SR 33 during nighttime/overnight hours from 7 p.m. to 6 a.m. through the duration of the construction.
- Motorists should expect lane shifts on I-4 and SR 33 through the duration of the construction.
- Drivers should exercise caution and be aware of construction vehicles entering and exiting the interstate through the duration of the construction.

Variable message signs will be in place to alert drivers that work is underway. Estimated completion is summer 2029.

I-4 at CSX Railroad Bridge approximately 1200 feet west of Kathleen Road (Exit 31): Construction project: This project includes replacing the existing 250-foot bridge with two new 400-foot bridges to provide for CSX double tracking and will accommodate future expansion of I-4. There are no planned lane or ramp closures scheduled for the week of Sunday, June 22 through Saturday, June 28 as the crews will be working off the roadway.

US 98 from South of Griffin Road to Sharon Drive: Construction project: This project includes milling and resurfacing, repairing and improving drainage, improvements at Pyramid Parkway, special emphasis crosswalks, enhanced lighting, upgraded signal equipment, new northbound signs identifying the I-4 ramps, and painted bike lanes for emphasis.

- Crews will be installing pipe and restoring curb and sidewalk north of I-4. Expect daytime lane closures.
- Motorists and pedestrians should be aware of crews working along the edge of sidewalk and curb as they install new conduit for lighting and signals.
- Pedestrians should follow the sidewalk detours and temporary crosswalks at the I-4 ramps located south of I-4, while crews work in the area. Use caution and follow the detour signs.

For more information on this project, visit www.swflroads.com/project/445468-1

US 98 from West Socrum Loop Road to CR 54: Construction project: The improvements under this project include widening US 98 to a four-lane divided highway, creating roundabouts at the Big Cypress Boulevard and SR 471 intersections, relocating utilities, improving drainage, adding pedestrian crosswalks, and building shared use paths from West Socrum Loop Road / Hall Road to just north of Rock Ridge Road.

- Periodic lane closures with flagging operations (up to one half mile sections at a time) on US 98 between West Socrum Loop Road and CR 54 from 9 a.m. to 5 p.m. Monday, June 23 through Friday, June 27. Be prepared to stop.
- Lane closures with flagging operations on US 98 from just north of Lakeland Acres Road to south of Old Dade City Road from 8 p.m. Thursday, June 26 to 7 a.m. Friday, June 27. Be prepared to stop.
- The speed limit is reduced to 45 MPH on US 98 throughout the project limits

US 92 (East Memorial Boulevard) from North Virginia Avenue to North Iowa Avenue: Maintenance contracts project: Watch for lane closure at night/overnight from 9 p.m. to 4 a.m. through Tuesday, July 1, as crews work within the curb inlets and sidewalk. Use caution and watch for workers close to the road.

US 92 from west of East Gary Road to west of SR 659 (Combee Road): Construction project: Project improvements include milling and resurfacing, reconstructing the outside westbound travel lane from Combee Road to North Eastside Drive, removing the traffic separator, adding a keyhole bike lane and upgrading signal equipment at East Lake Paker Drive, drainage improvements, curb, gutter and sidewalk improvements with ADA ramps, driveway reconstruction, and upgrading and adding lighting throughout the project. This week the contractor will make stripe the roadway at night/overnight, and work on lighting and signals during the day. Expect nighttime/overnight lane closures and be prepared to merge..

US 27 from Sand Mine Boulevard to Student Drive: Maintenance permit project: Watch for northbound and southbound daytime lane closures from 9 a.m. to 4 p.m., Mondays through Fridays through the end of June as crews install storm waterpipe and construct turn lanes.

US 27 from Ronald Reagan Boulevard to Elgin Boulevard: Maintenance permits: Watch for nighttime/overnight northbound outside lane closures from 9 p.m. to 5 a.m., Monday through Thursdays as crews pave turn lanes and for a future development.

US 27 at Forest Lake Drive: Maintenance permit project: Crews will be paving the new northbound right turn lane into Forest Lake Drive from 9 a.m. to 4 p.m., Mondays through Thursdays. Expect daytime northbound lane closures and be prepared to merge.

US 27 from north of Holly Hill Cut-off Road to north of Deer Creek Boulevard: Construction project: This project includes milling and resurfacing; shoulder work and signal equipment upgrades on US 27 from north of Holly Hill Cut-off Road/North Boulevard to north of Allen Brothers Boulevard/Deer Creek Boulevard in Davenport. Expect nighttime/overnight lane closures for paving from 8 p.m. to 6 a.m., Sunday through Thursday nights. Use caution and be prepared to merge.

US 27 from Main Street to Blue Heron Boulevard: Maintenance permits project: Watch for nighttime/overnight lane closures from 9 p.m. to 5:30 a.m. while Haines City Utilities contractor bores for a 20" watermain line. The main entrance to Walmart on US 27 will be closed through late June. Motorists may access the Walmart parking lot from the entrances on Blue Heron Boulevard and Southern Dunes Boulevard. Use caution and be prepared to merge.

US 27 from Hunt Brothers Road to West County Line Road: Maintenance contracts project: Watch for median shoulder closure from 8 a.m. to 4 p.m. through Friday, July 1, as crews work within the medians. Use caution and watch for workers close to the road.

US 17/US 98 from 9th Street NE in Fort Meade to Oak Hammock Loop in Bartow: Construction project: Project improvements include milling and resurfacing of the existing pavement, signal upgrades, inside shoulder widening, bicycle keyhole lanes at the existing right turn lanes, intersection improvements at CR 640/Homeland Garfield Road that include additional lighting and pedestrian upgrades, revising the two full access median openings with directional median openings at 3rd Street NE and Pembroke Road North, and widening the median to provide a northbound to southbound U-turn lane approximately 200' north of Pembroke Road. This week crews will continue milling and resurfacing both northbound and southbound US 17 and constructing new traffic separators from 7 a.m. until dark, Monday through Friday.

US 17/92 from Hinson Avenue to Lowry Avenue: Maintenance permits: Expect northbound nighttime/overnight lane closures from 9:30 p.m. to 5 a.m. while crews from Duke Energy replace power poles.

US 17/92 from Tiny Flower Road to Lem Carnes Road: Maintenance permit project: Expect daytime lane closures from 9 a.m. to 4 p.m. as crews work on a turn lane and drainage into a new development.

US 17 from South of Spirit Lake Road to South of Griffin Road: Maintenance contracts project: Watch for north and southbound lane closures at night/overnight from 8 p.m. to 6 a.m., through Tuesday, July 22 while crews mill and resurface the roadway. Use caution and be prepared to merge.

SR 572 from Airport Road to Pipkin Creek Road and SR 572 Roundabout at Waring Road: Construction project: Project improvements include resurfacing and lane widening on SR 572 and a new roundabout at Waring Road. This week, crews will work on utilities, drainage, and roadway grading.

- In October 2024, crews closed Waring Road from the SR 572/Drane Field Road intersection to immediately south of Drane Field Road. The closure will be in place until mid-June 2025. Motorists are advised to follow the posted detour or identify alternative routes.
- Motorists should expect lane closures through the duration of the construction.
- Resurfacing project – expect lane closures during the nighttime/overnight hours from 7 p.m. to 6 a.m.
- Roundabout – expect lane closures during the nighttime/overnight hours from 7 p.m. to 7 a.m. and from 9 a.m. to 4 p.m.
- Motorists should expect lane shifts through the duration of the construction.
- Crews are installing well points and pipe underneath driveways along SR 572. Lane shifts may occur. This work will occur intermittently throughout the next three weeks.
- Drivers should exercise caution and be aware of construction vehicles entering and exiting the roadway through the duration of the construction.

Variable message signs will be in place to alert drivers that work is underway. Estimated completion is spring 2026.

SR 570 (Polk Parkway) from I-4 to Old Dixie Highway: Construction project: Florida's Turnpike Enterprise is converting an 18-mile portion of Polk Parkway/SR 570 to electronic tolling between I-4 and Old Dixie Highway/CR 546 in Polk County. This project includes constructing three new toll gantries at the Western Mainline (milepost 8), Central Mainline (milepost 13), and SR 540 New Mainline (milepost 15.5), removing cash toll collections and replacing them with SunPass and TOLL-BY-PLATE and demolishing the existing Western and Central Mainline toll plazas. Work is anticipated to be completed in mid-2025. This is a Florida Turnpike Enterprise project. For more information or questions about the project and/or traffic impacts contact Louis Grisoglio at Louis.Grisoglio@dot.state.fl.us.

SR 570B (Central Polk Parkway): Turnpike project: Florida's Turnpike Enterprise is constructing Central Polk Parkway/State Road (SR) 570B, a new, four-lane (two lanes in each direction) tolled roadway. This new stretch of roadway will begin at Polk Parkway/SR 570 and Winter Lake Road/SR 540 and extend approximately 6.5 miles to US 17/SR 35. Expect lane closures and intermittent work on SR 540 (Winter Lake Road). Use caution and be prepared to merge. The westbound Polk Parkway exit ramp to Winter Lake Road (Exit 14) is expected to remain closed through late 2025. Westbound Polk Parkway/SR 570 traffic wishing to access Winter Lake Road/SR 540 (Exit 14) will be directed to exit at US 92 (Exit 17), travel east on US 92 to Recker Highway/CR 655, travel southeast on Recker Highway to Spirit Lake Road, and travel south on Spirit Lake Road to access Winter Lake Road. This is a Florida Turnpike Enterprise project. For more information or questions about the project and/or traffic impacts contact Louis Grisoglio at Louis.Grisoglio@dot.state.fl.us.

SR 559 from I-4 to SR 33 (Commonwealth Avenue): Construction project: This project includes milling and resurfacing, asphalt driveway reconstruction, shoulder widening, turn lane reconstruction and widening, sodding, and new traffic signals and supplemental lighting at the I-4 ramps. This week crews are working on project cleanup during the day. Expect periodic shoulder closures and workers close to the road. Use caution.

SR 542 (Dundee Road) from Lake Elbert Drive NE to 17th Street NE: Maintenance permit project: Expect traffic shifts, lane closures and pedestrian detours through late July as crews work in front of Elbert Elementary School. Use caution and be prepared to merge or stop.

SR 60 from west of Saddlebag Lake Road to east of Tiger Lake Road: Construction project: This project includes milling and resurfacing, drainage improvements, guardrail installation, lighting, bridge railing and pavement grooving. Expect daytime lane closures for paving. Use caution and be prepared to merge.

SR 60 from CR 555 (Crown Avenue/Agricola Road) to Broadway Avenue and from the Eastbound SR 60 split to east of the Peace River overflow bridge: Construction project: This project includes milling and resurfacing, drainage, sidewalk and guardrail work, signal, lighting and ITS upgrades, and minor bridge rehabilitation. This week crews will be paving throughout the project at night/overnight from 7:30 p.m. to 6 a.m. and working on changes to the FDOT driveway just west of Broadway Avenue. Expect nighttime/overnight lane closures and be prepared to merge.

SR 37 from SR 674 to 4 Corners Mine Road: Maintenance contracts project: Watch for shoulder closure from 7 a.m. to 4 p.m. through July 26, as crews work within the outside shoulders. Use caution and watch for workers close to the road.

SR 33 (Lakeland Hills Boulevard) from Parkview Place to Griffin Road:

Construction project: Project improvements include roadway reconstruction, milling & resurfacing, placing curb and gutter, installing a new drainage system, widening sidewalk, upgrading signals and lighting, and upgrading water and sewer lines for the City of Lakeland. This week workers will continue installing drainage and water lines along the east side of Lakeland Hills Boulevard.

- Traffic remains in one lane in each direction but is now shifted to the west side of Lakeland Hills Boulevard so crews can continue underground drainage and utility work.
- Watch for side street closures along the east side of Lakeland Hills Boulevard as crews work to install new storm drains and water lines. Any side street closures will utilize the adjacent side streets to route traffic east towards Gilmore Avenue to the respective closed street.
- Traffic will remain in one lane in each direction for most of the duration of construction.
- The speed limit has been reduced to 35 mph during construction.
- Use caution, be prepared to merge or stop, and plan for delays.

SR 17 (Scenic Highway) from 5th Street to Crooked Lake Drive: Construction project: This full depth reclamation (FDR) project includes removing and reclaiming the roadway and underlying base to create a stronger base for the new roadway, adding new pavement, improving drainage, reconstructing some side street entrances, and repairing and replacing sidewalk and curb. This week the contractor will pave at night making concrete repairs and installing fence during the day. Expect night/overnight lane closures from 6 p.m. to 6 a.m. with flaggers directing traffic and shoulder closures during the day. Use caution and be prepared to stop.

County Line Road over Peace River Bridge: Construction project: This project includes replacing the County Line Bridge over the Peace River in Polk and Hardee Counties. The new bridge will have two 12-foot lanes with additional eight-foot shoulders. This week crews will continue earthwork, drainage, and bridge superstructure elements. Countyline Road remains closed at the Peace River. Motorists should follow the posted detours.

- Eastbound: Head north or south on US 17 to Hardee Street and east on Hardee Street to Lake Branch Road. Head southeast on Lake Branch Road to Platt Road and head north back to County Line Road.
- Westbound: Head east or west on County Line Road to Platt Road. Head south on Platt Road to Lake Branch Road and head west to Hardee Street.

Turn left (west) on Hardee Street to US 17. Turn right (north) on US 17 back to County Line Road.

More information on this project and graphics of the signed detours can be found at www.swflroads.com/project/439441-1.

South Parkway Frontage Road from Harden Boulevard to Old Highway 37: Permit project: Crews will be adding new watermain and force main pipes to serve a new apartment complex. Work includes directional drilling. Watch for workers and equipment close to the road. Installation is expected to be completed in mid-2025.

Lee Jackson Highway from Lily Avenue to Barker Avenue: Construction project: This project includes sidewalk construction, drainage improvements, and curb and gutter along Lee Jackson Highway. This week crews are working on punch list items. Expect periodic shoulder closures and watch for workers close to the road.

Haines City Sidewalks along Hornet Drive, East Grace Avenue/Hornet Drive, South 20th Street and East Hinson Avenue: Construction project: This project includes construction of four new sections of sidewalk that will link to existing sidewalks, improving accessibility for students walking to school and from nearby neighborhoods. This week crews are expected to continue working on utility relocates, erosion control and grading for sidewalk construction along North 20th Street.

SARASOTA COUNTY

I-75 at SR 780/Fruitville Road Interchange (Exit 210): Construction project: Project will: reconstruct the interchange to a diverging diamond interchange; widen about 2 miles of I-75, from Palmer Boulevard to north of Fruitville Road, to a six-lane highway with three through lanes per direction; reconstruct or widen I-75 bridges over Fruitville Road, over Palmer Boulevard, and Main A Canal; widen Fruitville Road from Honore Avenue to east of Coburn Road; install 7-foot buffered bike lanes and 6-foot sidewalks on Fruitville Road; replace traffic signals and lighting on Fruitville Road; and construct a noise wall on I-75 northbound from Bee Ridge Road on-ramp to just north of Main A Canal. This week, crews will work on installing erosion control devices, clearing and grubbing, and work on I-75 shoulders.

- Motorists should anticipate I-75 single lane closures during the overnight hours from 8 p.m. to 6 a.m. during the duration of the construction.
- Motorists should anticipate I-75 double lane closures during the overnight hours from 11:30 p.m. to 4:30 a.m. during the duration of the construction.

- Motorists should anticipate I-75 ramp closures during the overnight hours from 8 p.m. to 6 a.m. during the duration of the construction.
- Motorists should anticipate I-75 lane shifts during the duration of construction.
- Motorists should anticipate Fruitville Road single lane closures during the overnight hours from 8 p.m. to 6 a.m. during the duration of the construction.
- Motorists should anticipate Fruitville Road double lane closures during the overnight hours of 9 p.m. to 5 a.m. throughout the duration of the construction.
- Motorists should anticipate Fruitville Road lane shifts during the duration of construction.
- Drivers should exercise caution and be aware of construction vehicles entering and exiting the interstate through the duration of the construction.

Variable message signs will be in place to alert drivers that work is underway. Estimated completion is late 2029.

Districtwide Movable Bridges (Sarasota County): Construction Project: The Florida Department of Transportation is installing Intelligent Transportation Systems (ITS) at various locations in Sarasota County. The following bridges began construction in March 2025:

**US 41 Business Intracoastal Waterway Bridge (Circus),
US 41 Business Hatchett Creek/Intracoastal Waterway Bridge (KMI),
SR 758 Sarasota Bay Bridge (Siesta Key),
SR 72 Intracoastal Waterway Bridge (Stickney Point), and
SR 789 New Pass Bridge (New Pass)**

- This project includes the installation of pedestrian/bicycle detection systems, conduits and electrical components, and connection to bridge tender buildings.
- Bridge work is anticipated to take 3-4 weeks to complete construction.
- Motorists are advised that there will be intermittent sidewalk and lane closures throughout the duration of construction.
- Motorists should expect lane closures during the nighttime/overnight hours from 7 p.m. to 6 a.m.

- Motorists are advised to use caution in the construction zone.

Variable message signs will be in place to alert drivers that work is underway. Estimated completion of construction is in October 2025.

SR 789 (Gulf of Mexico Drive) through Longboat Key: Motorists and cyclists are advised to use caution along the entirety of SR 789 on Longboat Key in both Sarasota and Manatee Counties. Hazardous conditions may remain in isolated areas that were damaged during the storms.

SR 789 (Gulf of Mexico Drive) between Little Ringling Bridge (Coon Key Bridge) and St. Armand's Circle: maintenance project: Intermittent right and left lane closures on SR 789 (north and southbound) will be in place from June 16-20 from 8 a.m. to 4 p.m. for shoulder repairs. Please watch for new traffic patterns, workers and traffic control personnel in the area.

SR 777 River Road from I-75 to US 41: Construction project: Road embankment installation continues on the northbound roadway from Aucilla Drive to US 41. As embankment is completed, drainage installations, subgrade mixing, curb placement, and roadway grading will continue. Sod installation, signal, ITS, and lighting work is ongoing. Trucks will be crossing the road at various locations using intermittent flagging operations. Pothole maintenance will continue as necessary on all current travel ways through the project.

- Traffic on SR 777 (River Road) has switched to the new southbound alignment, from just south of Aucilla Drive to just north of US 41. All motorists will use the future southbound River Road lanes from Venice Avenue to just north of US 41. Please watch for signs directing traffic and use caution when exiting neighborhoods onto River Road. Motorists are encouraged to slow down while traveling through the work zone. The new work zone created by the shift will become the future northbound alignment.

SR 758/Bee Ridge Road from Briggs Avenue to Beneva Road: Permit project: There will be intermittent eastbound outside lane closures on Bee Ridge Road (SR 758)) from Briggs Avenue to Beneva Road starting June 23 and continuing through June 27 from 9 a.m. to 4 p.m. The contractor will be installing power poles within the FDOT right of way. Please watch for workers and lane shifts.

SR 758/Bee Ridge Road at the Legacy Trail: Construction project: Crews are constructing two new pedestrian bridges and intersection improvements along the Legacy Trail in Sarasota County.

- **Limited opening:** The Bee Ridge Bridge span is open for cyclists and pedestrians but is still an active construction zone. While the bridge is open,

the pedestrian staircases are not yet complete. Please be aware of the potential for workers and construction vehicles in the area.

- **Lane closures:** As the project is finalized, there will be occasional daytime lane closures from 9 a.m. to 3 p.m.

Final project completion is expected in July 2025.

SR 683/Washington Boulevard from Oak Street south to US 41 to Bay Street: Permit project: The contractor will be conducting utility work starting April 23 from 9 a.m. to 4 p.m. Please watch for lane shifts and construction workers.

SR 72/Clark Road and the Legacy Trail: Construction project: Crews are constructing two new pedestrian bridges and intersection improvements along the Legacy Trail in Sarasota County.

- **Lane closures:** As the project is finalized, there will be occasional daytime lane closures from 9 a.m. to 3 p.m.
- **Detours:** There will be intermittent detours during June to complete construction operations.

Project completion is expected in July 2025.

Clark Road (SR 72) from Honore Avenue to West of Gantt Road: Construction project: The Florida Department of Transportation will commence milling, resurfacing, installing curb, gutter, drainage and pavement markings on less than one-half mile on Clark Road (SR 72) from Honore Avenue to west of Gantt Road in Sarasota County in June.

- Motorists can expect intermittent single- and dual-lane closures overnight throughout the project.
- Please watch for signs, barricades and workers close to the travel lanes and obey posted speed limits in the construction zone.
- The Palmer Crossing Mall entrance off Clark Road at Chick-fil-A /Shell gas station/Jimmy John's will have a temporary road closure starting on July 11 that will continue for approximately three months. Patrons can access the businesses via two other entrances to the mall off Clark Road and two entrances off Honore
- The project's estimated completion is in mid-2026.
