The Florida Department of Transportation's (FDOT) contractor, Watson Civil Construction, Inc., began work on Monday, January 8, to add a turn lane and modify drainage on SR 64 at North Olivia Drive in Avon Park. Improvements include:

- Adding a westbound turn lane from SR 64 onto northbound North Olivia Drive
- Widening the turnout onto North Olivia Drive and adding a paved shoulder
- Striping for bike lane between the westbound travel lane and turn lane
- Extending side drains and modifying drainage ditches

### Construction Information

There are no lane closure restrictions, so watch for changes in the traffic pattern and be prepared to merge or stop.

During pipe installation and again during intersection reconstruction, it will be necessary to close North Olivia Drive at SR 64. All traffic will be detoured using Bradley Road and West Newton Road, including motorists heading to the Dollar General and the VFW from SR 64.

Si tiene preguntas relacionadas con el proyecto de construcción, los residentes pueden llamar a Alice Ramos al (863) 797-7202.
