

Florida Department of Transportation

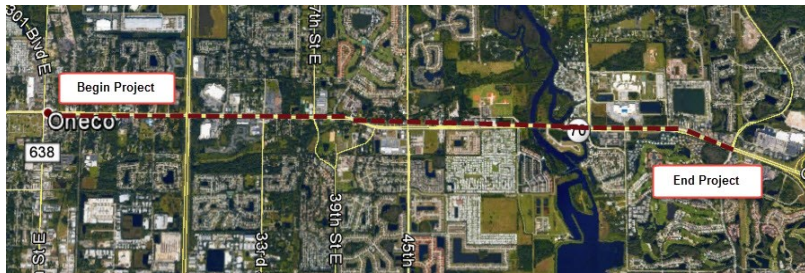

State Road 70 Resurfacing Project

301 Boulevard/15th Street East to Tara Boulevard

Starts August 2016

The Florida Department of Transportation (FDOT) along with its contractor, Superior Asphalt, Inc., are milling and resurfacing State Road 70 from 301 Boulevard/15th Street East to Tara Boulevard beginning mid August 2016.

Crews will remove old asphalt and resurface the roadway and install some signal upgrades. Most of the work will occur at night so expect intermittent nighttime lane closures.

Expected completion of this \$9.5 million project is late summer 2017.
