

# State Road (SR) 72 - DeSoto County

## Drainage Improvements at SW Rodgers Avenue and SW Gator Trail

**Financial Project ID: 435807-1-52-01**

**December 2017**

The Florida Department of Transportation's (FDOT) contractor, Estep Construction, Inc., begins work on Wednesday, January 3, to improve drainage on SR 72 at SW Rodgers Avenue and SW Gator Trail. Improvements include:

- Adding box culverts at SW Rodgers Avenue and SW Gator Trail
- Reconstructing shoulders along SR 72
- Grading ditches
- Adding guardrail along the south side of SR 72

Water is seen overtopping SR 72 at SW Rodgers Avenue in Arcadia, FL. Drainage improvements begin in January 2018.

### Construction Information

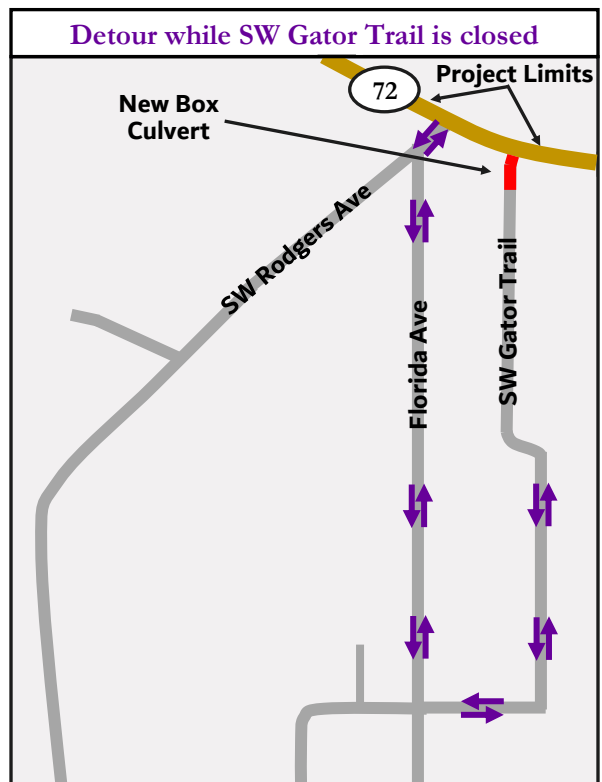

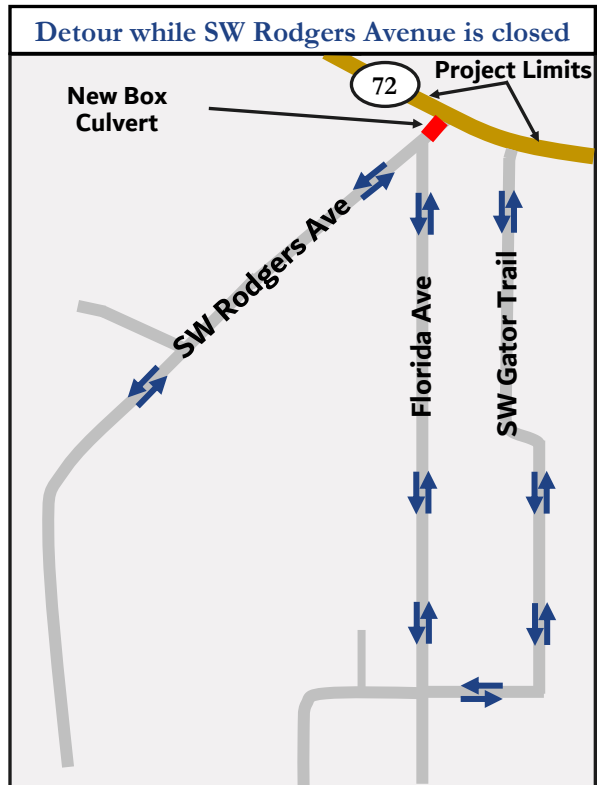

During construction it will be necessary to close SW Rodgers Avenue for approximately 30-45 days while crews install a new drainage structure. When crews reopen SW Rodgers Avenue, they will close SW Gator Trail to install a new drainage structure in this location as well. Motorists should follow posted detours pictured.

Lane closures and traffic shifts will also occur on SR 72 during construction, motorists are advised to use caution and watch for changes in the traffic pattern.
