

Florida Department of Transportation

Business US 41 Roadway Improvement Project

from Palermo Place to Venice Avenue

Starts April 2017

The Florida Department of Transportation (FDOT) along with its contractor, Ajax Paving Industries of Florida, LLC., are making improvements to Business US 41 from Palermo Place to Venice Avenue beginning early April 2017.

Crews will remove old asphalt and resurface the roadway, construct new sidewalk and bus shelter pads, install signal upgrades and new signage. Most of the work will occur at night so expect intermittent nighttime/overnight lane closures while crews are working.

Expected completion of this \$1.4 million project is summer 2017.
