

US 98 from east of Old Stokes Road to US 27 447431-1

Project Details	
Work Type	Milling and Resurfacing
Phase	Construction
Limits	east of Old Stokes Road to US 27
Project Start	Late 2024
Length	1.36 miles
City	Frostproof
County	Polk
Road	US 98
Construction Cost	\$2,076,000.00
Estimated Completion	Mid 2025

About

This FDOT project is a Resurfacing, Restoration, and Rehabilitation (RRR) project that is intended to extend the service life of the existing roadway. Project limits begin at the pavement joint approximately 500 feet east of Old Stokes Road and extend east to US 27.

Improvements include, reducing the existing 12-foot-wide lanes to 11-foot-wide to provide for 6-foot paved shoulders, adding cross-drain pipes to improve drainage, extending the left turn lane, and constructing a traffic separator that will close the existing median opening on US 98 just west of US 27 to improve safety.

During construction, CSX will improve the railroad tracks west of US 27. This work requires US 98 to close completely with traffic detoured for approximately two weeks.
