**About**

**SCHEDULE:** Construction starts late May 2024 with completion expected by spring 2025.

**SINGLE LANE:** SR 64 will be single lane traffic through the intersection both east and west bound. Transition to single lane both east and westbound during Phase II. Allow more travel time or consider alternate routes.

**DETOUR: June 10 thru July 15** - Phase IIA will be accelerated due to limited Lorraine Road closure permit from Manatee County. Starting in June, access to Lorraine Road from SR 64 will be closed to through traffic or alternately Lorraine Road to SR 64 access. Use detour via White Eagle Boulevard to 44th Avenue East or SR 70. Detour occurs during IIA, IIB, IIIA, IIIB and IV (during milling and resurfacing).

**DETOUR:** When construction moves to the alternate side at 145 Street East, the access to 145 Street East from SR 64 will be closed to thru traffic. Use Rye Road to 18th Place East. Detour occurs during Phases IIIA and IIIB.

Throughout the project, expect noise from construction equipment.
