Project Details	
Work Type	Interchange Construction
Phase	PD&E
Limits	I-75 from north of Golden Gate Parkway to south of Corkscrew Road
Length	18.5 miles
City	Bonita Springs Naples
County	Collier Lee

About

The Florida Department of Transportation (FDOT) is conducting a Project Development and Environment (PD&E) Study for an 18.5 mile segment of I-75 from north of Golden Gate Parkway in Collier County to south of Corkscrew Road in Lee County.

The purpose of this project is to increase capacity and improve traffic operations, accommodate future traffic demand, and enhance safety along the mainline of I-75. This project only includes widening I-75. There would be no improvements to the interchanges, except for ramp modifications.
