About

The Florida Department of Transportation (FDOT) District One is preparing design plans to reconstruct the I-75 interchange with SR 951 (Collier Boulevard) in Collier County. The new interchange will include two new ramps over SR 84 (Davis Boulevard) to provide direct interstate access. The existing I-75 bridges over SR 951 will remain. New bridges to accommodate ramp traffic will be constructed adjacent to the existing I-75 bridges over SR 951.
