Good morning,

I am the utility coordinator for the Burnt Store Rd PD&E Study hoping to acquire information on existing utility easements within the R/W and relocation cost estimates. Juan Cruz referred us to you as the present Road Relocation Coordinator. Please let me know if you can help us out with our request..

Thanks,

Good afternoon,

Thank you for responding with the utility markups.

I am confirming that none of your company's have existing utility easements within the roadway R/W.

I am also requesting that you provide a ball-park estimate of how much it would cost for relocation.

Please refer to the FPN and description listed below and reply with the information at your earliest convenience.

Any issues, comments, or concerns can be directed towards myself or Kristen Caruso at (813) 988-1199 ext. 209 or email kcaruso@scalarinc.net.

Hi Candice,

I wanted to reach out to you since I was instructed to contact you through the following email loops. I was told you would be the correct point of contact in order to obtain utility markups. If you are not, please let me know who I should contact instead.

Please mark-up (using the standard FDOT color code) and return one (1) set of aerial maps indicating the location, size and type, etc., of your existing and any future facilities. The mark-up should also identify all known **EASEMENTS** or other lands of ownership rights. I am also requesting you to provide/prepare a rough cost estimate for relocation of your facilities (per mile basis is acceptable), indicating the impact you anticipate with your facilities.

Please also advise us in writing on your company letterhead if you do not have any existing or planned utility installations within the limits of this job.

FPN: 436928-1-22-01

**Description: Burnt Store Road (CR 765) from Van Buren Parkway to Charlotte County Line PD&E Study
County: Lee**

Good morning,

Scalar Consulting Group Inc. has been selected to represent the Florida Department of Transportation in utility coordination between the Department and your agency on the above referenced project.

In an effort to better coordinate the selection of corridor and typical alternatives for roadway widening, and their impact on utilities, I am providing for your review the corridor aerial base maps for the Burnt Store Road PD&E Study. The utilities owned by you may require relocation and/or adjustment as necessitated by the highway construction.

Please mark-up (using the standard FDOT color code) and return one (1) set of aerial maps indicating the location, size and type, etc., of your existing and any future facilities. The mark-up should also identify all known **EASEMENTS** or other lands of ownership rights. I am also requesting you to provide/prepare a rough cost estimate for relocation of your facilities (per mile basis is acceptable), indicating the impact you anticipate with your facilities.

Please also advise us in writing on your company letterhead if you do not have any existing or planned utility installations within the limits of this job.

In your correspondence to my office, please refer to the FPN and description as listed above. This information will need to be returned by **October 23, 2020**.

Thank you for your cooperation. The Department will make sure the information, which you have furnished, will be considered prior to establishing future corridor(s). Please feel free to contact me should you have any questions regarding the project or need any additional information.

Ms. Kwong,

The project area is outside of the service area of Lee County Utilities therefore we have no infrastructure in the project area. If you have any problems or questions please let me know.

Thanks,

Dave

FPN: 436928-1-22-01

Description: Burnt Store Road (CR 765) from Van Buren Parkway to Charlotte County Line PD&E Study

County: Lee

Good morning,

Scalar Consulting Group Inc. has been selected to represent the Florida Department of Transportation in utility coordination between the Department and your agency on the above referenced project.

In an effort to better coordinate the selection of corridor and typical alternatives for roadway widening, and their impact on utilities, I am providing for your review the corridor aerial base maps for the Burnt Store Road PD&E Study. The utilities owned by you may require relocation and/or adjustment as necessitated by the highway construction.

Please mark-up (using the standard FDOT color code) and return one (1) set of aerial maps indicating the location, size and type, etc., of your existing and any future facilities. The mark-up should also identify all known **EASEMENTS** or other lands of ownership rights. I am also requesting you to provide/prepare a rough cost estimate for relocation of your facilities (per mile basis is acceptable), indicating the impact you anticipate with your facilities.

Please also advise us in writing on your company letterhead if you do not have any existing or planned utility installations within the limits of this job.

In your correspondence to my office, please refer to the FPN and description as listed above. This information will need to be returned by **October 23, 2020**.

Thank you for your cooperation. The Department will make sure the information, which you have furnished, will be considered prior to establishing future corridor(s). Please feel free to contact me should you have any questions regarding the project or need any additional information.

The project file can be found in the link below:

Here's a OneDrive link to [436928-1 Burnt Store Road \(CR 765\) from Van Buren Parkway to Charlotte County Line PD&E Study](#).

If you have any issues opening the file, please feel free to reach out to me at (813)988-1199 or through my email at (wkwong@scalarinc.net).

Kind Regards,

Winnie Kwong

Hi Russel,

This is follow-up email to the call from earlier.

Please take a look at the plans below, if you do not have any facilities within the project limit,

please send us either a letter of no facilities or a letter of no conflict.

Hi Russel,

I'm aware that you do not have any facilities in within the proposed project location and that you only have facilities in Burnt Store Marina. Can you please send me a letter of no facilities if that is the case?
