CMNAA-BPC-DeSoto Bridge Storyboard

Timeline

2014-2019

2020-Current

2022

December 2022-Current Central Manatee Network Alternatives Analysis (CMNAA)

Identified 6 potential corridors over the Manatee River

Bradenton-Palmetto Connector (BPC)

Alternative Corridor Evaluation (ACE) Study:

Evaluate 10 corridors which include 6 CMNAA corridors + 4 new corridors to provide additional capacity over the Manatee River

No alternatives (elevated vs at-grade) will be investigated during this phase

DeSoto Bridge Inspection Report **Summary of Findings:**

- Accelerated bridge corrosion
- Replacement funded in 2027

DeSoto Bridge Replacement **In-Kind Replacement (4 Lanes)**

Capacity needs across the Manatee River to be addressed under BPC
