YELLOW
STATION

Safety, Traffic, & Multimodal

Spot high crash areas, current and future traffic flow, and explore the needs of our cyclists and pedestrians throughout the area

People & Goods Movement

Whether driving a car or truck, pinpoint those popular origin and destination routes

Natural Environment

Showcase key environmental features that make our project area unique

Visioning

Map out a new route connecting SR 70 to SR 66

Wrap-Up & Final Comment

Thank you for attending! Share your thoughts on safety, mobility, and transportation in the project area by completing the survey
